

Year 5 TOPIC HOMEWORK Autumn First Half Term

Scream Machine

Topic tasks: Choose one of these topics to research:

Trip Advisor

Plan a trip to a theme park of your choice. Calculate how much it will cost, how you will travel and how long it will take to get there and write an itinerary for the day.

Guinness Book of Records

Use ICT to research and present information about roller coasters from around the world. Find roller coasters that have set new records for example; the fastest, the longest, the oldest. Create a page that could be used in the Guinness Book of Records which gives information about the records you have found.

Because so Much is Riding on your Map

Use the internet to look up maps of a variety of theme parks. Use ideas from these maps to create a map of your ideal theme park. Remember to use colour, labels and a key.

Different Gear

Use a technical construction toy (such as Lego Technic, Meccano or Fischertechnik) to make a theme park ride with pulleys, gears or levers.

Since you are producing one piece of homework from the options above, we would like this to be presented to a high standard. We will see the final piece, but you will need to have done the following:

- Thorough research
- Made notes
- Planned your work
- Made a first draft
- Edited and improved your initial ideas
- Checked for spelling and grammar accuracy
- Completed a final piece with illustrations if you wish

We encourage help and support from parents, carers and other adults, but make sure what you hand in to be marked is your own work!

To be completed by Friday 14th October 2016
