

30th March 2021

Dear Parents/Carers,

Year 6 - Sex and Relationships Education

During the Summer Term, Year 6 will be covering areas of the Sex and Relationships curriculum (SRE) from both Year 5 and Year 6, due to some content being missed last year. The objectives will be taken from the Science and PSHE (Personal, Social & Health Education) curriculums and delivered by the Year 6 teachers:

- *To know the physical and emotional changes during puberty*
- *To know how a baby is conceived and developed*
- *To explain what happens when a baby is born*
- *To know the difference between sex, gender, identity, and sexual orientation*
- *To understand what marriage and civil partnership are and who they are available to*

As Sex and Relationships Education is a shared responsibility between home and school, we will be giving the opportunity to parents to view the lesson content virtually after Easter. We will contact you nearer the time with further information on when this will be.

Thank you for your cooperation.

Yours sincerely,

Mrs Duffin, Miss Lucas, Miss Swinfield
