

# Maths Newsletter

I hope you enjoyed the first edition of the Barrow Hedges' Maths Newsletter. This is a place where we can share resources, any upcoming events that are taking place and celebrate Times Tables Rock Stars and Numbots winners. Take a look below to see who, in each year group, currently has the highest Studio Speed on TTRS, and who are the highest coin earners in Year 1 on Numbots!

I am so pleased with the number of children who handed in January's challenge! For this month's challenge, explain what rules you found and describe any patterns, with in words or using a diagram, and hand in your answers to your teacher, by Thursday 24<sup>th</sup> February.

**Miss Cheetham**

## EYFS

Set up your own teddy bear's picnic! You will need some different sized teddies.

Next, find some bowls, plates, spoons or cups. What food will you serve to the teddies? Remember big teddies are always very hungry!

Make sure you give the small amounts to your small teddies and the large amounts to your large teddies.

### Key vocabulary

big	little
large	small

## Year 1 and 2

### Teddy's birthday candles

Teddy is 7 years old today.

How many birthday candles has he blown out since he was born?

### Mathematical vocabulary:

Pattern sequence continue predict

## Year 3 and 4

### Birthday candles

Sally Gillespie is 10 years old today.

How many birthday candles has she blown out on her birthday since she was born?

### Mathematical vocabulary:

pattern sequence continue predict rule

## Year 5 and 6

### The candle problem

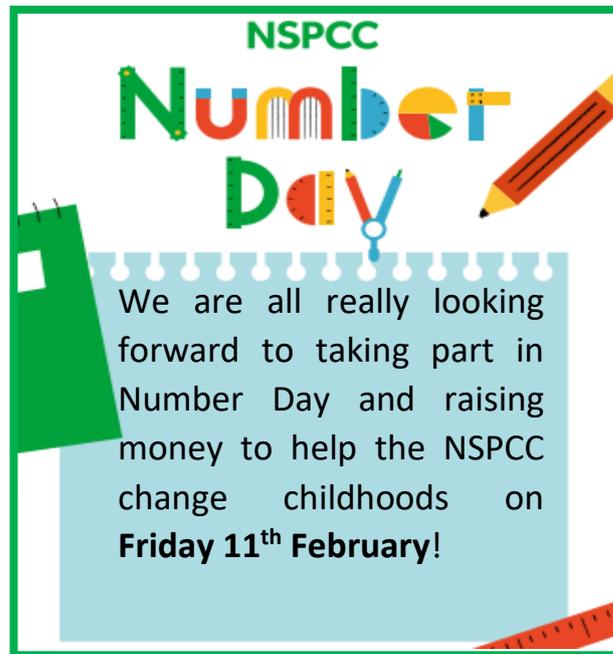

Mrs Gillespie is 73 today. She has had a birthday cake and candles every year since she was born.

How many candles has she blown out in her lifetime?

### Mathematical vocabulary:

pattern sequence term predict generalise

# TIMES TABLES ROCKSTARS

*Congratulations to our Times Tables Rock Stars winners of quickest studio speed for this month! Next month, I will be looking for the most **improved** Studio speed.*

<u>Year 2</u>	<u>Year 3</u>	<u>Year 4</u>	<u>Year 5</u>	<u>Year 6</u>
