

**Year 6 – Autumn 2**  
**We Are Publishers**  
**Computing**

In this unit, the pupils will produce a digital magazine using desktop publishing tools. They will source, write, edit and combine images and text from a range of sources

**Information Technology**

**Prior Knowledge**

Children will know how to safely research a chosen subject and consider its validity. Children should be confident with the copy and paste feature

**E-safety:**

To understand that anyone can post content online and to be mindful of trusted sources of information.

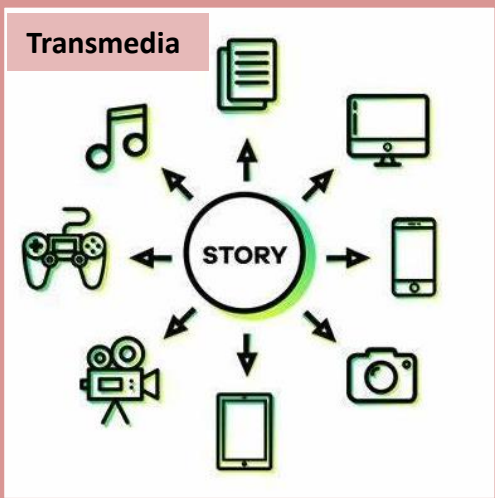

Computing Key Vocabulary	
<b>Desktop Publishing (DTP)</b>	Software and hardware system designed to produce high quality print/media for users with limited or no experience in publishing or printing
<b>Export</b>	To save media in a format such that it can be watched, listened to or read by others without access to the editing software used in its production.
<b>Portable Document Format (PDF)</b>	A file format for capturing and sending electronic documents in exactly the intended format – recipients cannot alter the original document
<b>Shortcuts</b>	Shortcuts in computing help to speed up the process of certain tasks. By holding the Ctrl and C button, a user can copy an item in a more efficient way.
<b>Transmedia</b>	Content developed across multiple platforms in a variety of different media, for example a website accompanying a television series.
<b>Word processor</b>	A program or machine for storing, manipulating, and formatting text entered from a keyboard and providing a printout.
