Dear Parents/Carers,

We are delighted to be supporting the NSPCC by taking part in Number Day on **Friday 11th February 2022**. The NSPCC need our support more than ever. By raising money, we can help to fund their vital services such as Childline – the helpline that's always there for children and young people whatever their problem or concern.

We are taking part in *Dress up for Digits* where children are invited to wear an item of clothing with a number on it. This could be on a cap, shirt, a onesie, or why not get even more creative by dressing as a dice or a calculator? To help raise money for the NSPCC, we are asking for a suggested donation of £1 to dress up.

Number Day is a great way to make maths fun and bring about a positive 'can-do' attitude towards it. Throughout the day your child/ren will be taking part in many fun number-based activities. All the children will be taking on 'Buddy's Key Challenge', where classes will compete against each other to see who can solve the maths puzzles the fastest. To help raise vital funds for the NSPCC, we are inviting you to sponsor your children to complete the challenge. Children can spread the word to their family and friends to encourage them to donate too, but please do not feel compelled to take part in the sponsoring if you are unable to.

We have attached the Number Day sponsor form. Please print this and return the completed form to school, along with the money raised, by Tuesday 22nd February. If you do not have access to a printer, your child can collect a sponsor form from the office.

We are really looking forward to all the fun of Number Day, and we appreciate your support.
All the money we raise at Barrow Hedges will make an enormous difference to children today and help the NSPCC be there for children tomorrow.

Kind regards,

R. Cheetham

Rebecca Cheetham
Assistant Headteacher
Maths Leader
