

Year 3 TOPIC HOMEWORK Spring First Half Term

Predator!

Choose **one** of these tasks to complete:

This half term's homework is a sharing activity, where they will present their homework to the rest of the class.

Weird and wonderful facts!

You might choose to visit the library to find non-fiction books about predators. Look for information using the contents, glossary and index pages. Write down any new facts you have learnt and bring them in to share with the class.

Mini-presentation

You may wish to make a mini fact file about your favourite predator and bring it into class to share. Don't forget to include pictures and facts.

'What am I?' quiz

You may choose to devise a 'What am I?' quiz about predators and try it out on your friends and family. How many questions does it take for them to get the right answer? Bring your quiz into school and see if your class mates can guess the predator!

Food Chains

You may choose to use the internet to research what different predators eat. Create food chains for a variety of different predators using materials and tools of your choice.

Since you are producing one piece of homework from the options above, we would like this to be presented to a high standard. We will see the final piece, but you will need to have done the following:

- Thorough research
- Made notes
- Planned your work
- Made a first draft
- Edited and improved your initial ideas
- Checked for spelling and grammar accuracy
- Completed a final piece with illustrations

We encourage help and support from parents, carers and other adults, but make sure what you hand in to be marked is your own work!

To be handed in on Friday 3rd February 2017
